WINEMAKING

In crafting Crocodile River Rosé, the objective is to capture the fresh red berry fruit flavors of leading Western Cape red varietals in a friendly and fruity wine style. Exclusively red grapes are utilized, undergoing brief maceration post-crushing to achieve a soft salmon-copper hue. The juice is then drained from the skins and allowed to settle overnight. This blended rosé’s optimal freshness is secured through early blending and immediate bottling, preserving its full vibrancy.

TASTE AND FOOD PAIRING

This approachable rosé reveals bright cherry and strawberry flavors with subtle spicy hints. Its delightful fruity notes culminate in a ripe, slightly sweet, and fresh profile, adorned with a pale salmon-pink color. Best enjoyed with salads, fresh fruits, and light cheeses.
